Addendum 6 – Issued February 20, 2019

To Offerors:

The following additions, deductions, changes and corrections to the proposal and specifications for the above referenced project shall hereby be incorporated into the work, and their affect on the proposal shall be reflected in the Offeror's proposal. Offerors shall also verify this fact by indicating the receipt of the addendum in their proposal.

CHANGE:

The HUD Form 5370-C-II which was included in the original solicitation documents does apply to trash collection. CMHA redacts the first paragraph of Addendum #5:

> ~~**The HUD Form 5370-C-II and accompanying Wage Rate Determination only applies for maintenance work. Waste Collection is not maintenance. However, maintenance or repair work on a compactor or dumpster would qualify as maintenance work.**~~
