

## MAINTENANCE CHARGE SCHEDULE

### CHARGES BILLED TO THE TENANT

Tenants are responsible for the cost of all actual damage to their unit that is beyond normal wear and tear. All charges are subject to change according to what CMHA must pay for supplies for materials. All charges for damages and repairs not listed as a standard charge will be charged to the resident based on the actual cost of the materials used plus \$20.00/hour for labor. This is referred to as Labor and Materials (L&M) in the Maintenance Charge Schedule listed below.

### AIR CONDITIONER INSTALLATION SERVICE

CMHA will securely install a resident-owned air conditioner in a unit. There is a \$50.00 charge for the air conditioner installation or to correct an improperly installed unit. If a resident installs the air conditioner, it must be properly mounted with brackets. There will be a \$25.00 charge for any A/C accessories needed to install the A/C unit.

**REMOVAL:** There will be a \$100.00 charge for any A/C unit that has to be removed due to improper installation, too many A/C units, being oversized or unsafe.

### MOVE-OUT CHARGES

When vacating a unit, residents will be liable for the cost of damage and repairs, except for normal wear and tear. It is the resident's responsibility to notify the Property Manager of the intent to vacate so that a Move-Out inspection of the unit can be conducted to determine the condition of the unit.

### NON-EMERGENCY CHARGES

Residents will be charged \$50.00 in the event that an after-hours Emergency Maintenance request is made and it proves not to have been an emergency situation.

### REFUSING SCHEDULED SERVICES

Refusal of a scheduled service (i.e., inspection, pest control services, etc.) will result in a \$100.00 for return service.

### TOWING CHARGE

Vehicles that appear not to be road worthy, or that have expired license tags, will be ticketed by CMHA staff. If the vehicle is not moved, it will be towed. The towing company charges a fee to reclaim the vehicle. If the vehicle is not claimed from the towing company, the resident is charged \$50.00 for CMHA to dispose of the vehicle.

### EXCESS UTILITY CHARGES

Residents are required to pay reasonable charges for utility consumption for certain major appliances not furnished by management but requested by the resident (e.g. freezer, air conditioner). CMHA will provide air conditioning in the buildings that are designated for the elderly and disabled only. Tenants must receive authorization from the Property Manager **prior to** installing any major appliances. Tenants living in general occupancy units where central air conditioning usage can be controlled within the unit may pay excess utility charges for the actual usage, if the air conditioning usage is not charged to the tenant's account with the utility provider. Listed below are excess utility charges.
