

REIAGC

REAL ESTATE INVESTORS ASSOCIATION
OF GREATER CINCINNATI

*The Real Estate Investors Association of Greater Cincinnati (**REIAGC**) was founded in 1976 by the late Clarence Jones and a small group of real estate investors. Today, the mission of the group is similar to that of its founding members-to provide education on the various real estate strategies to both new and experienced investors. In addition, it has grown into the only organization of over **800 members** which serves small real estate investors around the country.*

REIAGC is a 503c(6) organization managed by its Board of Directors and a full - time Executive Director. The organization hosts two General Body meetings monthly and 12 focus group meetings each month-land lording, Mortgage Notes, New Investors, Women in Real Estate, Wholesaling, Rehabbing, Deal Making, Passive Real Estate Investing, Creative Financing, Apartment Investing, Advanced Investors to name a few. In addition, REIAGC recognizes that as the only group formerly organized to educate real estate investors, it is important to also give this underrepresented group of business owners a voice in legislative affairs. Last year, the group re-ignited a focus to engage with the local municipalities and to make the group more aware of legislative issues that directly impacted their small businesses. As a result, REIAGC has been actively engaged in efforts of eviction prevention within the City of Cincinnati, Airbnb legislation, and security deposit insurance to name a few. REIAGC members work with other community organizations to advocate fairness in housing and other issues affecting small real estate business owners.

REIAGC prides itself with being a group of investors who have become subject matter experts in the field of housing, managing and maintaining a successful small real estate business. Given that 48% of all housing in this local market is either rented, we believe our work is critical in the community and we continue to work to gain more visibility and create partnerships with the community and municipalities in the Tri-State area.
