Solicitation No. 2023-1010

Originally Issued March 10, 2023

Addendum 1 – Issued 22, 2023

To Offerors:

The following additions, deductions, changes and corrections to the proposal and specifications for the above referenced project shall hereby be incorporated into the work, and their affect on the proposal shall be reflected in the Offeror's proposal. Offerors shall also verify this fact by indicating the receipt of the addendum in their proposal.

QUESTIONS:

1. Is the proposer required to bring in their own dumpsters, cans, etc. or use the ones on-site? **Vendors shall provide any trash bags or other supplies for the service. CMHA dumpsters and trash cans cannot be used to dispose of items. Vendors are cautioned against over filling vehicles and shall properly tie down all items to prevent injury or property damage.**
2. Attachment B-Fee Submittal Form. Can you provide a definition of "Hillside or Field Cleaning?" Does clearing constitute trash, tire removal, clearing/mowing, etc.? **CMHA has properties where unknown persons dump trash, tires, and furniture on hillsides behind the properties or in fields. Property Management monitors these areas and is responsible for cleaning these areas on an as-needed basis. Contractors need to clear these areas and remove the aforementioned items from the property. This does not include any mowing or vegetation removal.**
