

ADDENDUM #1

Request for Proposals
Supplemental Pest Control Services
Solicitation No. 2024-1008

Originally Issued December 4, 2023

Addendum 1 – Issued December 7, 2023

To Offerors:

The following additions, deductions, changes and corrections to the proposal and specifications for the above referenced project shall hereby be incorporated into the work, and their affect on the proposal shall be reflected in the Offeror's proposal. Offerors shall also verify this fact by indicating the receipt of the addendum in their proposal.

CHANGES:

The following resident-safe chemicals will be required for use under this solicitation (if needed). All chemicals used in performance of the contract will be resident-safe. If any chemical needs to be used that is not on this list, contact the Property Manager for approval before using it.

- **Suspend SC - the is a liquid that is mixed into the B&G with water. Runs between one and two percent. (Low odor)**
- **Exciter IGR - this is an insect growth regulator. This chemical makes the insect sterile, stops growth pattern. (Low Odor)**
- **Clear Zone - this is an aerosol repellent. (Loud odor to this chemical, used more as a flushing agent.)**
- **Transport - this is mixed with water in the B&G. (Low Odor)**
- **Contra Blox rodenticide - placed in safety boxes, in burrows in inaccessible areas. (No Odor)**
- **Advion Roach and Ant bait - in syringe, bait is placed in inaccessible locations.**
- **D-Force aerosol - flushing insecticide. (Loud odor)**
- **Zenprox- non-repellent. (Low odor)**
- **Cy-kick - flushing chemicals, kills fast. (Loud odor)**
