

# Ohio Apprenticeship Accelerator

## *Empowering Ohio's Youth and Employers through Apprenticeship Opportunities*

[Register Here through Eventbrite](#)

The U.S. anticipates a 2.1 million job gap in manufacturing and technical fields by 2030. In Ohio, employers and educational institutions can play a vital role by creating Apprenticeship programs, attracting skilled workers, and fostering the next generation's workforce. We invite you to participate in the Ohio Apprenticeship Accelerator, where you can collaborate with stakeholders, industry leaders, educators, and workforce organizations to explore the advantages of integrating Registered and Youth Apprenticeships into the manufacturing, supply chain, and other technical job sectors.

**April 23, 2024 | 10 am -12 p.m. ET**  
**United Way of Greater Cincinnati**

Engage with federal and state Registered Apprenticeship stakeholders, local high schools, employer sponsors, and intermediaries to learn more about RAP benefits:

- ▶ Incentive funding for new sponsors and employers
- ▶ Technical assistance to help develop, register, and sustain RAPs
- ▶ Lower recruiting costs, customized training, and employee retention
