INTRODUCTION

The Cincinnati Metropolitan Housing Authority (hereinafter, “CMHA” or “the Authority”) is a public entity that was formed in 1933 to provide federally subsidized housing and housing assistance to low-income families, within Hamilton County, Ohio. The Authority is headed by a Chief Executive Officer (CEO) and is governed by a seven-person board of commissioners and is subject to the requirements of Title 24 and Title 2 of the Code of Federal Regulations (hereinafter, “CFR”) and the Authority’s procurement policy. The Authority currently has approximately 205 employees, owns and/or manages over 5000 affordable housing units, and administers rental assistance for almost 12,000 privately owned rental units through the Section 8 HCV programs.

CMHA has several instrumentalities and related entities which develop and operate affordable housing in Hamilton County, Ohio. Those instrumentalities and related entities are included in this solicitation. As new developments and RAD conversions occur, additional instrumentalities will be created. The selected Developer will undertake, coordinate, manage and complete the redevelopment of the City West site owned by the Authority.

The Authority is interested in receiving Statements of Qualifications (“Submittals”) from private for-profit and/or non-profit developers or developer teams to become the Developer and to partner with the Authority and the City of Cincinnati in its redevelopment efforts at the site.

Respondents shall submit information concerning capacity, qualifications, and experience as outlined in this RFQ. The RFQ responses will be reviewed by a Selection Committee (the “Committee”) in accordance with the evaluation factors set forth in this RFQ. The Committee reserves the right to consult with professional consultants, advisors, and other stakeholders for technical assistance, as well as request interviews of the Respondent Teams to obtain clarity with respect to qualifications.

ATTACHMENT A: SCOPE OF WORK

1.0 SCOPE OF WORK (SOW)/TECHNICAL SPECIFICATIONS (T/S)

Cincinnati Metropolitan Housing Authority (“Authority” or “CMHA”) is issuing this Request for Qualifications (“RFQ”) for a Developer or Developers and is soliciting proposals from experienced developers of large-scale mixed-use and mixed-income redevelopment projects, including affordable and market rate housing, to participate in the redevelopment of the City West HOPE VI housing site.

Purpose of the RFQ

The selected Developer will undertake, coordinate, manage and complete the redevelopment of the City West site owned by the Authority.

The Authority is interested in receiving Statements of Qualifications (“Submittals”) from private for-profit and/or non-profit developers or developer teams to become the Developer and to partner with the Authority in its redevelopment efforts at the site.

The Developer may be comprised of:

- A single Developer capable of accomplishing all facets of the redevelopment program; or
- A Developer, which together with other associate developers, will accomplish all facets of the redevelopment program.
- The Authority may elect to choose multiple developers accomplishing redevelopment of assigned sections of City West.

The Authority will select the most qualified Developer(s) to negotiate with for the right(s) to redevelop the site, subject to the terms of a Development Agreement. The Authority will evaluate and rank the Respondents based on the evaluation criteria detailed in this RFQ and will negotiate with the top ranked Respondent. The Authority reserves the right to approve associate developer(s) or any future development partners of the Developer with respect to a site.

This RFQ is a qualifications-based procurement which does not include price as a factor, but is subject to the later negotiation of fair and reasonable compensation, including HUD’s Safe Harbor Standards, TDC and other applicable cost limitations. The Authority requests technical qualifications statements from prospective developers and then shall rank the submittals according to their qualifications as related to the sites. The Authority then shall open negotiations with the top-ranked developer for each site with intentions to reach agreement on fair and reasonable terms. If agreement cannot be reached, the Authority shall terminate negotiations with the developer and may cancel the RFQ or proceed to the next-highest rated developer until terms determined to be fair and reasonable, including to both parties is obtained. Once negotiations have been terminated with a Developer, the Authority may not go back to that Developer for additional negotiations for that site.

2.0 City West

The redevelopment of City West should include the following elements:

- CMHA and the developer(s) will work together to create a shared vision of transforming the real property known as "City West" and making it financially secure, via substantial and comprehensive redevelopment of the Development Site.
- Develop and implement plans in various development phases for the redevelopment of City West
- Coordinate the redevelopment of City West in conjunction with the Authority, and the various stakeholders in the West End community, including the residents, and local businesses.

2.1 Background

The West End in Cincinnati boasts a rich history and vibrant culture, but it has also grappled with economic disparity. The neighborhood's median income falls below the city's average, and some residents face limited opportunities. While crime rates have historically been higher than county averages, recent years have shown a focus on community safety initiatives. The area also contends with vacant properties, and a legacy of disinvestment.

Through the HOPE VI program, communities receive funding and support to demolish deteriorating public housing units and replace them with mixed-income housing developments. Additionally, the program emphasizes the importance of providing supportive services and amenities to residents, such as education, job training, and healthcare facilities.

City West is located in the West End Neighborhood of Cincinnati, Ohio and originally constructed in approximately 2001. This redevelopment seeks to reposition the physical conditions of the property to address significant capital expenditures incurred by operations while also complying with programming requirements established through the following programs: HUD Rental Assistance Demonstration, OHFA LIHTC program and Enterprise Green Communities.

2.2 Transformation

For City West, transformation goals are focused on several key areas: increasing neighborhood median income, boosting property values, reducing long-term vacancy rates, decreasing crime (including illegal dumping), and enhancing the market for local businesses. Economic development and community revitalization are intertwined, with a focus on both attracting new residents and businesses.

To achieve these goals, site enhancements will include patching and restriping parking lots, landscaping maintenance, and replacing deteriorated structures such as wooden fencing. Discussions are also ongoing with the City and Duke Energy to upgrade site lighting and security systems.

Building exteriors will undergo significant improvements, including the replacement of siding, gutters, roofs, and masonry façades. Windows and doors will be updated for energy efficiency and compliance, while decks and elevated structures will be refurbished or replaced as necessary.

Internally, unit renovations will be comprehensive, with plans to replace kitchens, bathrooms, flooring, doors, and mechanical, electrical, and plumbing systems (MEPs). Compliance with OHFA guidelines and Enterprise Green Communities standards is a priority throughout the renovation process.

Efforts will be made to minimize disruption to residents, with a phased approach designed for efficiency.

2.3 Location

The City West development capitalizes on its prime location to revitalize the West End. Situated near a major artery into the city, residents enjoy a quick commute and easy access to the vibrant downtown core with all its offerings. The development also boasts convenient proximity to the I-75 entrance ramp, making it ideal for those who frequently travel.

2.4 Redevelopment Summary & Master Development Plan

INTENDED FINANCING: The substantial and comprehensive rehabilitation of the Project is intended to be financed by a variety of competitive and non-competitive financing tools such as but not limit to:

1. A blend of project-based voucher (“PBV”) assistance through a Rental Assistance Demonstration (RAD) conversion with assistance from tenant protection vouchers (“TPVs”) that are awarded through a section 18 disposition approval by HUD pursuant to PIH Notice 2021-07;
2. 4% LIHTC with tax exempt bond financing;
3. HOME funds provided by the City of Cincinnati and/or Hamilton County;
4. Bond Gap Financing funds provided by OHFA;
5. Construction period rental income;
6. Any other funding sources;
7. Possible disposition of Laurel II and IV, only if the current number of affordable housing units is maintained.

The redevelopment plan will include comprehensive assessments of the physical condition of all buildings, market conditions, operating budgets, existing debt requirements, financing strategy analysis, community amenities, supportive services, and economic development opportunities, collectively referred to as the

“Master Development Plan” CMHA and the developer(s) shall work collaboratively to finalize the Master Development Plan.

ORDER OF EVENTS: The order of events is expected to be as follows:

1. Selection of a Developer or Developers
2. Execution of Term Sheet;
3. Finalize Master Development Plan
4. The first Phase closing (“Closing”)

CMHA PRIORITIES: CMHA priorities for the Development Site, include but are not limited to the following:

1. Creating a Master Development Plan that through a stable ownership structure, substantially and comprehensively redevelops the property as further described below;
2. Preservation of the existing number of affordable housing units currently at the Project;
3. Resident-focused programs and services;
4. Forgiveness of City Loans;
5. Release of existing ACC Reserves to CMHA;
6. Developer comprehensively addressing existing soft and hard debt as part of the Master Development Plan;
7. Continuation of PILOT Payments for the Development Site; and
8. CMHA Predevelopment Fees.

2.5 Site

The Site currently consists of 8 phases of the City West Hope VI development in the West End Neighborhood of Cincinnati, Ohio, more particularly described as follows:

- A. Laurel I – 148 units, commercial space
- B. Laurel II – 56 units
- C. Laurel IV – 59 units
- D. Laurel V 106 units, commercial space
- E. Lincoln I – 54 units, commercial space
- F. Lincoln II – 114 units
- G. Lincoln III – 58 units
- H. Lincoln IV – 91 units

The entire City West Hope VI development consists of 686 residential units and commercial space. Each phase is currently leased to separate partnerships by CMHA pursuant to separate lease agreements. For Laurel I and Laurel V, CMHA currently leases the existing commercial space back from the corresponding partnership which owns that phase.

2.6 City of Cincinnati Loans

When Hope VI was initiated, the City provided various grants and loans ("City Loans") on the property to the Partnerships and to CMHA. Developer(s) and CMHA are seeking forgiveness of all the City Loans, which is critical to the financing of this development deal and must be forgiven in order for a closing to occur. The City has preliminarily agreed to forgive the loans on the following conditions: (i) address all deferred capital maintenance on the Development Site; (ii) provide for long-term responsible ownership and management of the various Phases of the Development Site; and (iii) preserve the current number of incomes restricted affordable units on the Development. Such City Loan forgiveness proposal shall include details of the proposed capital improvements, the developer and long-term ownership structure, and the project financing.

2.7 Laurel I & Laurel V Carveouts

The Authority contemplates that the real property description will be updated to carve out the Laurel Carve-Outs into a separate parcel and the leasehold interests of the Laurel Carve-Outs will be transferred to CMHA or its designee, consistent with the redevelopment of that Phase. Upon transfer, CMHA will be solely responsible for renovation, management, operation, and compliance related to the Laurel Carve-Outs and will be solely responsible for any and all ongoing guarantees. At closing of the Laurel Carve-Outs, the Parties may establish one or more agreements related to shared operations, cross-easement, reporting, maintenance standards for the Laurel Carve-Outs, or other matters arising from their proximity and shared interests. The Laurel Carve-Outs consist of:

2.8 Closing; New Owner Entities of leasehold Interests

The Authority acknowledges that as the Developer and/or Developer Affiliate are solely providing guaranties in connection with a Development, it is necessary for the Developer and Developer Affiliate to have the control of decisions to be made on behalf of the Owner Entity. The Developer and Authority further agree to structure the organizational documents of the Owner Entity so as not to void any property tax exemptions held by the Owner Entity or to expose Authority to any costs or liability not contemplated in the Development documents agreed to by the Authority.

The Developer and/or Developer Affiliate shall retain all decision-making rights related to the Development Site, with approval from CMHA related to the following:

1. Finalizing the Master Development Plan;
2. Material changes to sources of financing relating to the Development Site;
3. Any additional loans or modifications to loans after Closing throughout compliance period;
4. Modifications to the amounts of Developer Fee, Deferred Developer Fee or Contributed Developer Fee;
5. Property Management at Closing (if other than Developer(s)) and during the compliance period (subject to investor approval);

8. Operational expenses associated with the rehabilitation shall conform with HUD RAD rules.

The Parties acknowledge that the ownership structure may be revised to qualify the Owner Entity for tax exemptions, including but not limited to exemptions related to real property tax, recording tax, transfer tax and sales tax.

2.9 Authority's Goals and Objectives for the City West Redevelopment

The selected Developer or Developers will manage the implementation of the vision set forth above. This includes a mixed-use, mixed-income urban redevelopment that includes a variety of housing types, commercial facilities, and

community amenities. The Authority's goals for the City West Redevelopment project are:

2.9.1 Select a qualified and experienced Developer with the ability to carry out all aspects of a large-scale urban redevelopment including low-income and affordable rental housing development utilizing public and/or private sources of funding.

2.9.2 Build off of existing partnerships with public and private stakeholders, businesses, non-profit and voluntary organizations, while creating new partnerships to secure commitments for community and financial resources to carry out the goals set forth in this document.

2.9.3 CMHA's Return on Investment and Financial Benefit to the Authority:

The Authority has invested substantially in the redevelopment of City West and intends to continue to invest in the redevelopment of City West. However certain cash investments require that they are retired (or assumed) and others must be replenished so that the Authority may maintain appropriate reserves; therefor it is expected that:

- Developer will employ its best efforts to provide for a for the Authority's land at City West through Capitalized Ground Lease Payments or other acceptable means.
- The Authority anticipates that in their response, Developers will outline innovative proposals on how the Authority could participate in the redevelopment and receive compensation which may include, but not be limited to, capitalized ground lease payments, share of the developer fee, asset management fee and possible cash flow split during operation.

2.10 CMHA Responsibilities in the Redevelopment Project

CMHA will assist with the development responsibilities which include, but shall not be limited to, the following:

- CMHA and Developer(s) shall jointly approve and lead the formulation of the Master Development Plan.
- Upon Closing, enter into lease agreements relating to the Development Site, with the exception of the Laurel Carve-Outs, to the to-be-formed Owner Entity as appropriate for each phase, subject to all necessary approvals from lenders and investors;
- Unless otherwise mutually agreed by the Parties, it is anticipated that developer(s) will prepare all documents for any HUD submission, including the Financing Plan, and CMHA will have primary responsibility for submitting all necessary HUD submissions, including any required Financing Plan and/or RAD closing submission and submission of any

necessary items for Section 18 approvals, as applicable. CMHA may include Developer(s), and its counsel, at Developer's request, in any significant conversations or correspondence with HUD relating to Closing, including any conversations or correspondence in which a decision from HUD is sought or which will affect Developer(s) in its operation or management of the Development Site and/or in its participation, including the participation of any affiliates, as the limited member. All communications with HUD regarding the Development Site shall be communicated through CMHA staff;

- Support Developer(s) with applications for required site entitlements, e.g., local code/zoning approvals;
- Collaborate to identify and procure Project financing and assist in applying to the Ohio Housing Finance Agency, City of Cincinnati, Hamilton County, and other local funding for financing;
- Provide timely input on the site plan, budgets, schedule, plans and specifications, and other significant items of the development plans;
- Reasonably provide any necessary consents in a timely manner in order to proceed with the Master Development Plan and consummate the Closing as contemplated herein;
- Provide such administrative functions and referrals as may be required under the RAD Conversion Commitment(s), PBV HAP Contract(s), and RAD HAP Contract(s) and applicable program requirements for an Asset Management fee to include \$5/unit/month payment to CMHA from each Owner Entity as part of operating expenses with an annual increase of 3%;
- Assist Developer(s) with resident and community participation, including recommending members for stakeholder groups and conducting resident outreach, and communicating with local, municipal, and elected officials, neighborhood groups, local organizations, and individuals with respect to the development.

2.11 Financial Objectives of CMHA

CMHA is interested in a financial structure that accomplishes several objectives. They are:

- Producing the greatest public benefit with the smallest consumption of public resources;
- Leveraging funds to attract private and conventional sources of capital;
- Obtaining a return-on and a return-of the effort and capital invested by CMHA;
- Retaining title of the underlying land;
- To be a full participating partner through the development process;
- Participating in the development fees, stream of income and other financial compensation derived from the development;
- Utilizing a development process that can facilitate timely implementation;
- Providing performance incentives to the selected Developer;

The following sections describe aspects of a legal and financial structure that has been used in other public housing mixed-finance transactions to accomplish these objectives. CMHA will consider other structures that achieve the same goals for CMHA.

2.12 Ownership Structure

An entity (the “Ownership Entity”) will hold title to the improvements for each phase of the community. Details on the structure of the Ownership Entity will be negotiated during the Development Agreement.

2.13 Ground Lease

CMHA will not convey its fee interest in the property used for rental housing development but will enter into a long-term ground lease with the Ownership entity. CMHA anticipates that the term of the ground lease will be not less than 55 years. The amount of annual rent under the ground lease is subject to negotiation and will be considered as part of the financial incentives provided to CMHA by the Developer. The ground lease will include restrictive covenants requiring that a designated number of PHA-Assisted Units will be available for public housing eligible families and subject to certain public housing rules for at least 40 years. At the end of the term of the ground lease, the property and all improvements thereon will revert to CMHA.

2.14 Reserves

The selected Developer may provide for customary and reasonable reserve accounts and may treat contributions to such reserves as an attributable operating expense of the PHA-Assisted Units. These reserves include Reserves for Replacement. To the extent any portion of such reserves is funded directly or indirectly with public housing funds, however, such funds must be treated as trust funds of CMHA.

It is customary in mixed-finance developments, as well, to establish an “Affordability Reserve” from owner’s equity to provide for the possibility that CMHA would be unable (due to Congressional action) to provide the operating subsidy it obligates itself to pay.

2.15 Guarantees

Developer(s), or its affiliates, as approved by any tax credit investor or lender, will provide guarantees to the tax credit investor and third-party lenders, including a construction completion guarantee, a payment guarantee in connection with any loans, guarantees related to the delivery or recapture of tax credits, and operating deficit guarantees, as long as Developer(s) is in a position to manage and control outcomes relative to its guarantees. Notwithstanding the foregoing, CMHA will be solely responsible for any and all ongoing guarantees related to the Laurel Carve-Outs.

2.16 Role of the Developer

The Developer(s) development team will serve as lead developer for the redevelopment effort. These responsibilities relating to the development and financing of the Project shall include but not be limited to, the following:

- CMHA and Developer(s) shall jointly approve and lead the formulation of the Master Development Plan;
- Proposed Financing strategy for each Phase, including scope of work, as well as sources and uses of funding to implement the Master Development Plan;
- Develop an appropriate phasing plan consistent with redevelopment goals as set forth in the Master Development Plan, including a timetable for rehabilitating each phase and the milestones within each phase. Developer(s) is expected to apply to the Ohio Housing Finance Agency ("OHF A"), at the next available 4% LIHTC and Bond Gap Financing (BGF) Round that lines up with the completion and approval of the Master Development Plan;
- Develop a financing plan and secure financing for the development, including preparing all applications and required submissions for government and private financing and selecting all lenders and investors;
- Prepare and monitor budgets and proformas for the pre-development and development of the redevelopment effort that encompasses a scope of work approved by CMHA, before the Closing of each Phase.
- Carry out pre-construction and construction activities, including design, engineering, appraisals and renovation of the properties;
- Conduct all environmental testing and assessments, as required;
- Engage, oversee, monitor, and direct design and construction professionals;
- Engage, oversee, monitor, and direct all other third-party consultants, including Relocation for reports required for each phase of the development;
- Apply for government permits, approvals, certificates of occupancy, or equivalent documents;
- Coordinate with CMHA in the preparation of submissions to HUD for RAD conversion approval, other Section 8 approvals, and any other required HUD submissions, as applicable;
- Provide CMHA with monthly progress reports and updates as to development activities;
- Assist CMHA in identification and application for other appropriate government and private sector grants as deemed appropriate for successful completion of the redevelopment efforts;
- In coordination with CMHA, engage relocation consultant and cause such consultant to lead and implement any necessary resident relocation plan;
- Developer(s) shall provide all financial and other reporting required by any lender or investor with respect to the Closing; and

- Developer(s) shall comply with City of Cincinnati and CMHA Section 3 and MWBE requirements; and
- Provide all guarantees as required by the lender or investor.
- Developer(s) may, in its sole and absolute discretion, elect to commit additional cash for a given Phase if the other available sources of funds are inadequate to achieve Substantial Rehabilitation, which funding ("Developer(s) Supplemental Funding") will be paid-in at Closing of such Phase.

2.17 Property Management

Developer(s) will identify a management agent to provide property management services upon Closing, which will be governed by a management agreement between the management agent and Owner Entity. If Developer(s) selects a third party (unaffiliated) management agent, such selection shall be subject to approval by CMHA, which approval will not be unreasonably withheld, conditioned or delayed.

- If management agent fails to meet specific default criteria included in the Management Agreement relating to safety, habitability, or compliance with HUD requirements, extending beyond any cure periods, CMHA shall have the right to require that the Owner Entity remove and replace the management agent, subject to Investor Member and lender approval. The Parties shall ensure the development budget for each Phase provides for standard operating reserves sufficient to help address deficits in the event management agent is removed per this Agreement.
- The management fee will be negotiated and is anticipated to be market rate for similar properties and at the maximum allowable rate by OHFA standards, subject to any limitations and safe harbor requirements set by HUD.

The Developer(s), limited partner of each Owner Entity shall be solely responsible to ensure Owner Entity compliance with all state, federal and local laws, rules and regulations, including but not limited to those governing leases, borrowing, lending, funding and other investors.

2.17.1 Legal Activities

Legal activities, including creation of partnership agreements and other entity and ownership structures necessary to implement all phases of the redevelopment plan.

2.17.2 Financing Activities

- Secure financing from multiple sources including non-public sources for development of affordable rental and for sale housing, retail and community facilities.

- Determine the need and availability of local subsidy and other project financing and secure funding needed to close any possible funding gap.
- Conduct negotiations with government and private funding providers.
- Identify, negotiate and secure all private and public funding commitments including CNI or other HUD development funds to complete the development of the project
- If Low Income Housing Tax Credits (LIHTC) are sought, prepare LIHTC applications and other financial applications, with development and operating pro formas, and development of investor packages for equity syndication.
- Plan, fund, and execute requirements associated with support infrastructure, public improvements and other requirements;
- Provide all reasonable and conventional guarantees and promises to secure the above mentioned public and private financing.

2.17.3 Community Activities

- Work with the Authority to facilitate resident and community meetings, and other community outreach efforts and meetings.
- Ensure proper management of all property included in the Redevelopment.
- Provide and coordinate Community Social Services for all residents, and report on these regularly to the Authority.
- Work with participants to create and implement detailed plan for community-building.
- Work with the City and the Authority on infrastructure improvements and environmental remediation.

2.18 Performance Review Process

CMHA expects that the selected Developer will be responsible for implementing all phases of the Development Plan. However, each phase of the redevelopment will be subject to review and evaluation by the Authority. Performance reviews will include but not be limited to the ability to secure financing, achieve targeted schedules, deliver units on schedule, and engage in a constructive and cooperative relationship with the community.

The PO will respond to all such inquiries in writing by addendum posted to the Authority website at <http://www.cintimha.com/business-opportunities.aspx>. During the RFP solicitation process, the PO will NOT conduct any *ex parte* (a substantive conversation—“substantive” meaning, when decisions pertaining to the RFP are made—between the Authority and a prospective proposer when other prospective proposers are not present) conversations that may give one prospective proposer an advantage over other prospective proposers. This does not mean that prospective proposers may not contact the PO it simply means that, other than making replies to direct the prospective proposer where his/her answer has already been issued within the solicitation documents, the PO may not respond to the prospective proposer’s inquiries but will direct him/her to submit such inquiry in writing so that the PO may more fairly respond to all prospective proposers in writing by addendum.
- 1.4.2** It is the responsibility of interested Offerors to review the solicitation documents and all addenda posted associated to this RFP.

2.0 CONDITIONS TO PROPOSE:

2.1 Pre-Qualification of Proposers: Prospective proposers will not be required to pre-qualify in order to submit a proposal. However, all proposers will be required to submit adequate information showing that the proposer is qualified to perform the required work (i.e. Profile of Firm Form and required resumes). Failure by the prospective proposer to provide the requested information may, at the Authority's discretion, eliminate that proposer from consideration, provided that all proposers were required to submit the same information (in the case of a successful proposer(s), these requirements shall also apply in the context of the successful proposer or proposers).

2.2 RFP Forms, Documents, Specifications and Drawings:

2.2.1 Offerors are expected to examine the statement of work, the proposed contract terms and conditions, and all instructions. Failure to do so will be at the offeror's risk.

2.2.2 Each offeror shall furnish the information required by the solicitation; this includes but is not limited to completing and submitting all documents issued pursuant to this RFP. Offers signed by an agent shall be accompanied by evidence of that agent's authority. [HUD 5369 B §1]

2.2.3 All information presented in response to the RFP must be included in the submitted response. There can be no information that is linked to a website that requires reviewers to access the website for consideration of content. Any such conditions will not be considered as part of the Respondent's proposal or of any resulting contract.

2.2.4 Offers for services other than those specified will not be considered.

2.2.5 Unless otherwise instructed, specifications and drawings (if provided) do not purport to show all of the exact details of the work. They are intended to illustrate the character and extent of the performance desired under the proposed contract and may be supplemented or revised from time to time.

2.2.6 The Authority shall reserve the right to, prior to award, revise, change, alter or amend any of the instructions, terms, conditions, and/or specifications identified within the RFP documents issued, within any attachment or drawing, or within any addenda issued; such notice shall be made available or delivered in writing to each prospective and/or actual proposer.

2.2.6.1 If this solicitation is amended, then all terms and conditions which are not modified remain unchanged.

2.2.6.2 Offerors shall acknowledge receipt of any amendments to this solicitation by signing and returning the amendment, by identifying the amendment number and date in the space provided for this purpose on the form for submitting an offer, or any other method specified in the RFP documents. The Authority must

receive the acknowledgement by the time specified for receipt of offers. [HUD 5369 B §3]

2.2.6.3 Such changes that are issued before the deadline for receipt of proposals shall be binding upon all prospective proposers.

2.2.6.4 Such changes that are issued after the receipt of proposals, but prior to award shall be binding upon all parties that have submitted proposals; however, such parties shall be allowed to reject such changes by, within 5 days of receipt of such written notice, withdrawing his/her proposal. Such withdrawal must be delivered, in writing, to the PO within the 5-day deadline period.

2.3 Proposal Preparation, Submission and Receipt by the Authority:

2.3.1 Required Forms: All required forms furnished by the Authority as a part of the RFP document issued shall, as instructed, be fully completed and submitted by the proposer. Such forms may be completed in a legible handwritten fashion, by use of a typewriter, or may be downloaded and completed on a computer. If, during the download, a form becomes changed in any fashion, the proposer must "edit" the form back to its original form (for example, signature lines must appear on the page the line was originally intended to be on).

2.3.2 Manner of Submission: The proposal submittal shall be submitted in the manner detailed within the RFP document. Failure to submit the proposal in the manner specified may result in a premature opening of, post-opening of, or failure to open and consider that proposal, and may, at the discretion of the PO, eliminate that proposer from consideration for award. [See HUD 5369 B §2]

2.3.2.1 Proposal Submittal Binding Method: It is preferable and recommended that the proposer bind the proposal submittal in such a manner that the Authority can, if needed, remove the pages from the cover (i.e. 3-ring binder, etc.) to make copies then conveniently return the proposal submittal to its original condition.

2.3.2.2 Cost Proposal (if applicable): The proposed Fees shall be submitted by the proposer utilizing the fee submittal form and received by the Authority in a separate, sealed envelope along with the proposal. Then envelope shall be labeled with: the Proposer's name, the solicitation number, the solicitation name, the due date, and "Fee Submission Form."

2.3.2.2.1 The cost shall be a firm fixed price inclusive of all elements required to deliver the services, including but not limited to: employee costs and benefits, clerical

support, supplies, materials, licensing, insurance, fuel surcharges, truck fees, franchise fees, etc. Please note that such cost is inclusive of all elements required to provide these services as specified herein and each fee proposed shall be fully “burdened” with profit and overhead costs.

2.3.2.2.2 Authorization of Offeror: The Cost Proposal (Attachment B) must be signed by a representative of the Offeror who is legally authorized to enter into a contractual relationship in the name of the Offeror.

2.3.2.3 Offers shall be enclosed in an email and addressed to the office specified in the solicitation. The proposal shall show the hour and date specified in the solicitation for receipt, the solicitation number, and the name and address of the offeror, on the face of the package. [HUD 5369 B §9]

2.3.2.4 It is very important that the offer be properly identified in the subject line of the email as set forth above in order to insure that the date and time of receipt is stamped on the face of the offer envelope. Receiving procedures are: date and time stamp those envelopes identified as proposals and deliver them immediately to the appropriate contracting official. [HUD 5369 B §9]

2.3.2.5 **Submission Conditions:** DO NOT FOLD OR MAKE ANY ADDITIONAL MARKS, NOTATIONS OR REQUIREMENTS ON THE DOCUMENTS TO BE SUBMITTED! Proposers are not allowed to change any requirements or forms contained herein, either by making or entering onto these documents or the documents submitted any revisions or additions; and if any such additional marks, notations or requirements are entered on any of the documents that are submitted to the Authority by the proposer, such may invalidate that proposal. If, after accepting such a proposal, the Authority decides that any such entry has not changed the intent of the proposal that the Authority intended to receive, the Authority may accept the proposal and the proposal shall be considered by the Authority as if those additional marks, notations or requirements were not entered on such. By accessing the noted Internet System and downloading these documents, each prospective proposer that does so is thereby agreeing to confirm all notices that the Authority delivers to or makes available to him/her as instructed, and by submitting a proposal, the proposer is thereby agreeing to abide by all terms and conditions published herein and by addendum pertaining to this RFP.

2.3.2.6 Submission Responsibilities: It shall be the responsibility of each proposer to be aware of and to abide by all dates, times, conditions, requirements and specifications set forth within all applicable documents issued by the Authority, including the RFP document, the Attachments to the RFP, and any addenda and required attachments submitted by the proposer. By virtue of completing, signing and submitting the completed documents, the proposer is stating his/her agreement to comply with all conditions and requirements set forth within those documents. Written notice from the proposer not authorized in writing by the PO to exclude any of the Authority requirements contained within the documents may cause that proposer to not be considered for award.

2.3.3 Time for Receiving Proposals: Proposals received prior to the time set as the deadline for the receipt by the Authority of the proposal submittal shall be securely kept, unopened, by the Authority. The PO, whose duty it is to open such proposals, will decide when the specified time has arrived. No proposal received after the designated deadline shall be considered, except as detailed as detailed below; or if the bid response, modification, or withdrawal would have been timely but for the action or inaction of the Authority personnel. When deemed as late, a bid response, modification, or withdrawal shall be marked as "late", remain sealed and shall be retained in the bid file

2.3.3.1 Proposers are cautioned that any proposal submittal that may be time-stamped as being received by the Authority after the exact time set as the deadline for the receiving of proposals shall be returned unopened to the proposer. Any such proposals inadvertently opened shall not be considered, but shall be ruled to be invalid. No responsibility will attach to the Authority or any official or employee thereof, for the pre-opening of, or the failure to open a proposal not properly addressed and identified.

2.3.3.2 Any offer received at the place designated in the solicitation after the exact time specified for receipt will not be considered unless it is received before award is made and it –

2.3.3.2.1 Was sent by registered or certified mail not later than the fifth calendar day before the date specified for receipt of offers (e.g., an offer submitted in response to a solicitation requiring receipt of offers by the 20th of the month must have been mailed by the 15th);

2.3.3.2.2 Was sent by mail, or if authorized by the solicitation, was sent by telegram or via facsimile, and it is determined by the Authority that the late receipt was due solely to mishandling by the Authority after receipt at the Authority;

- 2.3.3.2.3** Was sent by U.S. Postal Service Express Mail Next Day Service - Post Office to Addressee, not later than 5:00 p.m. at the place of mailing two working days prior to the date specified for receipt of proposals. The term 'working days' excludes weekends and U.S. Federal holidays; or
- 2.3.3.2.4** Is the only offer received.
- 2.3.3.3** Any modification of an offer, except a modification resulting from the Authority's request for "best and final" offer (if this solicitation is a request for proposals), is subject to the same conditions as in subparagraphs (a)(1), (2), and (3) of this provision.
- 2.3.3.4** A modification resulting from the Authority's request for "best and final" offer received after the time and date specified in the request will not be considered unless received before award and the late receipt is due solely to mishandling by the Authority after receipt at the Authority.
- 2.3.3.5** The only acceptable evidence to establish the date of mailing of a late offer, modification, or withdrawal sent either by registered or certified mail is the U.S. or Canadian Postal Service postmark both on the envelope or wrapper and on the original receipt from the U.S. or Canadian Postal Service. Both postmarks must show a legible date of the offer, modification, or withdrawal shall be processed as if mailed late. "Postmark" means a printed, stamped, or otherwise placed impression (exclusive of a postage meter machine impression) that is readily identifiable without further action as having been supplied and affixed by employees of the U.S. or Canadian Postal Service on the date of mailing. Therefore, offerors should request the postal clerk to place a hand cancellation bull's-eye postmark on both the receipt and the envelope or wrapper.
- 2.3.3.6** The only acceptable evidence to establish the time of receipt at the Authority is the time/date stamp of the Authority on the offer wrapper or other documentary evidence of receipt maintained by the Authority.
- 2.3.3.7** The only acceptable evidence to establish the date of mailing of a late offer, modification, or withdrawal sent by Express Mail Next Day Service-Post Office to Addressee is the date entered by the post office receiving clerk on the "Express Mail Next Day Service-Post Office to Addressee" label and the postmark on both the envelope or wrapper and on the original receipt from the U.S. Postal Service. "Postmark" has the same meaning as defined in paragraph (c) of this provision,

excluding postmarks of the Canadian Postal Service. Therefore, offerors should request the postal clerk to place a legible hand cancellation bull's eye postmark on both the receipt and the envelope or wrapper.

2.3.3.8 Notwithstanding paragraph 2.3.3.2 of this provision, a late modification of an otherwise successful offer that makes its terms more favorable to the Authority will be considered at any time it is received and may be accepted.

2.3.3.9 If this solicitation is a request for proposals, proposals may be withdrawn by written notice, or if authorized by this solicitation, by telegram (including mailgram) or facsimile machine transmission received at any time before award. Proposals may be withdrawn in person by an offeror or its authorized representative if the identity of the person requesting withdrawal is established and the person signs a receipt for the offer before award. If this solicitation is an Invitation for bids, bids may be withdrawn at any time prior to bid opening.

[HUD 5369 B §6] Negligence on the part of the proposer in preparing his/her proposal confers no right of withdrawal or modification of his/her proposal after such proposal has been received and opened.

2.3.4 No Public Opening of Proposals: Pursuant to the competitive proposals or RFP process, proposals are not publicly opened, but are held secure until the submittal deadline has passed. The proposals are then opened in private by the PO (or his/her designee) and are, pursuant to the evaluation plan, examined for minimal responsiveness (i.e. minimum compliance with the requirements of the RFP). Persons other than the Authority staff involved in this process are not allowed to be present during the opening, nor may they inspect the proposals until after award has been completed.

2.3.5 Conflicting Conditions: Any provisions detailed within any of the RFP documents which may be in conflict or inconsistent with any of the paragraphs in any of the other RFP documents, including attachments, shall be void to the extent of any such conflict or inconsistency. Further, as stated within Section 1.1.1 of this ITP, unless otherwise specified within the RFP or contract documents, in the event that any provision in any document listed herein conflicts with any provision within this ITP, the provision in the RFP or contract document shall govern.

2.3.6 Interpretations: No official oral interpretation can be made to any proposer as to the meaning of any instruction, condition, specifications drawing (if any), or any other document issued pertaining to this RFP. Every request for an official interpretation shall be made by the prospective proposer, in writing, pursuant to the schedule set within the RFP document issued and as directed by the Authority.

Official interpretations will be issued in the form of addenda, which will be available to each proposer; but it shall be the prospective proposer's responsibility to make inquiry as to addenda issued. All such addenda shall become a part of the RFP documents and the proposed contract with the successful proposer, and all proposers shall be bound by such addenda, whether or not received by the prospective or successful proposer(s). Oral explanations or instructions given before the award of the contract will not be binding. Any information given to a prospective offeror concerning a solicitation will be furnished promptly to all other prospective offerors as an amendment of the solicitation, if that information is necessary in submitting offers or if the lack of it would be prejudicial to any other prospective off offerors. [HUD 5369 B §4]

2.4 Exceptions to Specifications:

2.4.1 A proposer may take exception to any of the proposal documents or any part of the information contained therein, by submitting, in writing to the PO, **at least 10 days prior to the proposal deadline**, a complete and specific explanation as to what he/she is taking exception to. Proposed alternate documents or information must also be included. A response by the Authority will be issued in writing within 5 days of receipt of such exception request. The Authority reserves the right to agree with the prospective proposer and issue a revision to the applicable RFP requirements, or may reject the prospective proposer's request.

2.4.2 When taking exception, prospective proposers must propose services that meet the requirements of the RFP documents. Exceptions to the specification and/or approved "equal" requests may be discussed at the scheduled pre-proposal conference (if scheduled). All verbal instructions issued by the Authority officers not already listed within the RFP documents shall only become official when issued as addenda or as a written answer issued pursuant to receipt of a written question.

2.5 Lump Sum Cost Breakdown (LSCB):

2.5.1 The Authority reserves the right to, at any time, request and receive from any or all proposers a LSCB of any or all of the costs proposed. The proposal documents constitute an outline of the work to be completed by the proposer. These documents are intended to include all major items, and the lump sum cost breakdown computed therefrom will be the maximum compensation for all work and materials whatsoever furnished by the proposer in order to comply with the proposal documents in their present form, whether or not indicated in the approximate quantities or pertaining to the items of work as listed.

2.5.1.1 The purpose of this LSCB will serve the Authority in two distinct areas:

2.5.1.1.1 **Prior to award of proposals:** the Authority may request a LSCB for any or all items reflected within the RFP document as “lump sum” for the purpose of determining an unbalanced cost proposal. The PO, using acceptable methods dictated by the industry, shall conduct the analysis.

2.5.1.1.2 **After award:** the Authority may request a LSCB for any or all items reflected within the RFP document as “lump sum” for the purpose of making partial payments to the successful proposer.

2.5.1.1.3 Under no circumstances, may any cost item reflected as “lump sum” be increased/decreased as a result of the LSCB analysis.

3.0 PROPOSAL EVALUATION:

3.1 Proposal Opening Results: It is understood by all proposers/prospective proposers that the proposals received are not publicly opened and the results will typically not be a matter of public record until the Authority has concluded all evaluations, has chosen a final top-rated proposer, has completed the award and is ready to issue such results. When the Authority issues such notice, the Authority will inform all proposers as to who was awarded the contract and the dollar amount of the contract.

3.2 Initial Evaluation for Responsiveness: Each proposal received will first be evaluated for responsiveness (e.g., meets the minimum of the published requirements). The Authority reserves the right to reject any proposals deemed by the Authority not minimally responsive. Each proposal will be evaluated on the factors described in the solicitation. The Authority intends to award a contract to the Proposer(s) with the highest ranking scores and whose qualifications and fee proposals the Authority determines is most advantageous to the Authority.

3.1.1 All proposal documents submitted by the proposers are not necessarily a matter of public record and as a matter of normal course, the proposals submitted by each proposer will not, until after award has been completed, be available to be viewed by any interested parties except as approved by the Authority’s Legal Counsel (i.e. a proposer will not, prior to completion of award, be allowed to challenge an apparent top-rated proposer by inspecting the proposal that the apparent top-rated proposer submitted). The Authority shall, however, upon request, verify that the proposal documents submitted are/were acceptable.

3.3 Evaluation Committee: The Authority anticipates that it will select a minimum of a three-person committee to evaluate each of the responsive proposals submitted in

response to this RFP. PLEASE NOTE: No proposer shall be informed at any time during or after the RFP process as to the identity of any evaluation committee member. If, by chance, a proposer does become aware of the identity of such person(s), he/she SHALL NOT make any attempt to contact or discuss with such person anything related to this RFP. The designated PO is the only person at the Authority that the proposers shall contact pertaining to this RFP. Failure to abide by this requirement may (and most likely will) cause such proposer(s) to be eliminated from consideration for award.

3.4 Mistake in Proposal Submitted:

3.4.1 A request for withdrawal of a proposal due to a purported error need not be considered by the Authority unless the same is filed in writing by the proposer within 48 hours after the proposal deadline (proposers may of their own volition withdraw a proposal prior to the submittal deadline). Any such request shall contain a full explanation of any purported error and shall, if requested by the Authority, be supported by the original calculations on which the proposal was computed, together with a certification and notarization thereon that such computation is the original and prepared by the proposer or his/her agent, who must be identified on the notarized form. The foregoing shall not be construed that such withdrawal will be permitted, as the Authority retains the right to accept or reject any proposal withdrawal for a mistake.

3.4.2 Unless otherwise prohibited within the RFP documents, a mistake in the cost unit pricing that does not affect the total cost sum submitted may, at the Authority's discretion, be corrected by submitting a corrected cost form, together with a complete explanation in writing, of how the mistake occurred, to the PO, for his/her review. This mistake must be corrected before the issuance of contract documents. If a bidder appears to have made a mistake, the Contracting Officer should immediately notify a bidder of any apparent mistake in his/her bid and request verification of the bid as submitted.

3.5 Irregular Proposal Submittal: A proposal shall be considered irregular for any one of the following reasons, any one or more of which may, at the Authority's discretion, be cause for rejection:

3.5.1 If the forms furnished by the Authority are not used or are altered or if the proposed costs are not submitted as required and where provided.

3.5.2 If all requested completed attachments do not accompany the proposal submitted.

3.5.3 If there are unauthorized additions, conditional or alternate proposals, or irregularities of any kind which may tend to make the proposal incomplete, indefinite or ambiguous as to its meaning or give the proposer submitting the same a competitive advantage over other proposers.

3.5.4 If the proposer adds any provisions reserving the right to accept or reject any award or to enter into a contract pursuant to an award.

3.6 Evaluation Method:

3.6.1 Evaluation Packet for Proposals Deemed Responsive: Internally, an evaluation packet will be prepared for each evaluator, including the following documents:

3.6.1.2 Instructions to Evaluators;

3.6.1.3 Proposal Tabulation Form;

3.6.1.4 Copy of all pertinent RFP documents.

3.6.2 Evaluation: The PO will evaluate and award points pertaining to the Proposed Fees and the Economic Inclusion Participation Factors. The appointed evaluation committee, independent of the PO or any other person at the Authority, shall evaluate the responsive proposals submitted and award points pertaining to the other evaluation factors. Upon final completion of the proposal evaluation process, the evaluation committee will forward the completed evaluations to the PO.

3.7 Evaluation Scoring: Each evaluation factor will be scored on a zero to five scale. The scores will then be averaged for each evaluation factor and then the weighted average score for each evaluation factor will be combined to calculate the overall score.

Score	Description
5	Total Applicability/Excellent: The proposal exceeds all the requirements of the RFP and Specifications in a highly competent and superior manner.
4	Substantial Applicability/Above Average: The proposal meets all the requirements of the RFP and Specifications and, in some respects, exceeds them.
3	Average Applicability: The proposal adequately meets most of the requirements of the RFP and scope. It accomplishes many, but not all of the requirements stated in the RFP and specifications.
2	Limited Applicability/Below Average: The proposal meets some of the requirements of the RFP and scope but contains some deficiencies. The proposal accomplishes some, but not all of the purposes stated in the RFP and specifications.
1	Minimum Responsiveness/Poor: The proposal scarcely meets the requirements and contains many deficiencies. The required documentation is in many respects inadequate, methodologically unsound or scarcely accomplishes the purpose stated in the RFP and specifications.
0	Non-responsive: A zero value typically constitutes no response or an inability of the vendor to meet the minimum requirement as set forth in submitting the RFP criterion.

3.7.1 Determination of Top-ranked Proposer: Typically, the subjective points awarded by the evaluation committee will be combined with the objective points awarded by the PO to determine the final rankings. Contract negotiations may, at the Authority's option, be conducted prior to or after the BOC approval.

3.7.1.1 Ties: In the case of a tie in points awarded, the award shall be decided as detailed within Section 6.12.C of HUD Procurement Handbook 7460.8 REV 2, by “drawing lots or other random means of selection.”

3.7.2 Restrictions: All persons having familial (including in-laws) and/or employment relationships (past or current) with principals and/or employees of a proposer entity will be excluded from participation on the Authority evaluation committee. Similarly, all persons having ownership interest in and/or contract with a proposer entity will be excluded from participation on the Authority evaluation committee.

3.8 Award of Proposal(s): The successful proposer shall be determined by the top-rated responsive and responsible proposer as determined by the evaluation process, provided his/her proposal is reasonable, he/she is able to deliver the specified items in a timely manner and it is, in the opinion of the Authority, to the best interests of the Authority to accept the proposal. All proposers will be notified in a timely manner of the results of the evaluation after award has been completed.

3.8.1 THE AUTHORITY may:

- reject any or all offers if such action is in the HA's interest,
- accept other than the lowest offer,
- waive informalities and minor irregularities in offers received, and
- award more than one contract for all or part of the requirements stated.

3.8.2 Notice of Results of Evaluation: If an award is completed, all proposers will receive by e-mail a Notice of Results of Evaluation. Such notice shall inform all proposers of:

- Which proposer received the award;
- Each proposer's right to a debriefing and to protest.

3.8.3 The Authority shall award a contract only to a responsible prospective contractor who is able to perform successfully under the terms and conditions of the proposed contract. To be determined responsible, a prospective contractor must –

- Have adequate financial resources to perform the contract, or the ability to obtain them;
- Have a satisfactory performance record;
- Have a satisfactory record of integrity and business ethics;

- Have a satisfactory record of compliance with public policy (e.g., Equal Employment Opportunity); and
- Not have been suspended, debarred, or otherwise determined to be ineligible for award of contracts by the Department of Housing and Urban Development or any other agency of the U.S. Government. Current lists of ineligible contractors are available for inspection at the HA/HUD. [HUD 5369 B §5]

3.8.4 Before an offer is considered for award, the offeror may be requested by THE AUTHORITY to submit a statement or other documentation regarding any of the foregoing requirements. Failure by the offeror to provide such additional information may render the offeror ineligible for award.

3.8.5 THE AUTHORITY will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to THE AUTHORITY, cost or price and other factors, specified elsewhere in this solicitation, considered.

3.8.6 **Potential "Competitive Range" or "Best and Finals" Negotiations:** The Authority reserves the right to, as detailed within Section 7.2.N through Section 7.2.R of HUD Procurement Handbook 7460.8 REV 2, conduct a "Best and Finals" Negotiation, which may include oral interviews, with all firms deemed to be in the competitive range. Any and all interviews are at the sole discretion of the Authority.

However, the Authority may award a contract on the basis of initial offers received, without discussions. Therefore, each initial offer should contain the offeror's best terms from a cost or price and technical standpoint

3.8.7 A written award or acceptance of offer mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer shall result in a binding contract without further action by either party. If this solicitation is a request for proposals, before the offer's specified expiration time, the HA may accept an offer, whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award. Negotiations conducted after receipt of an offer do not constitute a rejection or counter offer by THE AUTHORITY.

3.8.8 Neither financial data submitted with an offer, nor representations concerning facilities or financing, will form a part of the resulting contract. [HUD 5369 B § 7]

3.9 Rejection of Proposals:

3.9.1 The Authority reserves the right to, at any time during the proposal process, reject any or all proposals received. In the case of rejection of all proposals, the authority reserves the right to advertise for new proposals or to proceed

REQUEST FOR QUALIFICATIONS (RFQ) NO. 2024-4005

to do the work otherwise, if in the judgment of the Authority, the best interest of the Authority will be promoted.

3.9.2 Prospective proposers acknowledge by downloading and receiving the RFP documents and/or by submitting a proposal that the submission of a proposal to the Authority is not a right by which to be awarded that proposal, but merely an offer by the prospective proposer to perform the requirements of the RFP documents in the event the Authority decides to consider an award to that proposer.

3.10 Cancellation of Award: the Authority reserves the right to, without any liability, cancel the award of any proposal(s) at any time before the execution of the contract documents by all parties.

3.11 Disqualification of Proposers: Any one or more of the following shall be considered as sufficient for the disqualification of a proposer and the rejection of his/her proposal:

3.11.1 Evidence of collusion among prospective proposers. Participants in such collusion will receive no recognition as bidders or proposers for any future work of the Authority until such participant shall have been reinstated as a qualified proposer or proposer. The names of all participants in such collusion shall be reported to HUD and any other inquiring governmental agency.

3.11.2 More than one proposal for the same work from an individual, firm, or corporation under the same or different name(s), unless such was specifically allowed by the Authority within the proposal documents issued, including by addendum.

3.11.3 Lack of competency, lack of experience and/or lack of adequate machinery, plant and/or other resources.

3.11.4 Documented unsatisfactory performance record as shown by past work for the Authority or with any other local, State or Federal agency, judged from the standpoint of workmanship and progress.

3.11.5 Incomplete work, which in the judgment of the Authority, might hinder or prevent prompt completion of additional work, if awarded.

3.11.6 Failure to pay or satisfactorily settle all bills due on former contracts still outstanding at the time of letting.

3.11.7 Failure to comply with any qualification requirement of the Authority.

3.11.8 Failure to list, if required, all subcontractors (if subcontractors are allowed by the Authority) who will be employed by the successful proposer(s) to complete the work of the proposed contract.

3.11.9 As required by the RFP documents, failure of the successful proposer to be properly licensed by the City of Cincinnati and/or Hamilton County, Ohio and/or the State of Ohio and/or to be insured by a general liability and/or worker's compensation policy.

3.11.10 Any legal reason to be determined, in good faith, to be in the best interests of the Authority.

3.12 Burden of Proof: If requested by the Authority, it shall be the responsibility of the proposer(s) to furnish the Authority with sufficient data or physical samples, within a specified time, so that the Authority may determine if the goods or services offered conform to the Specifications.

3.12.1 Right to Negotiate Final Fees: THE AUTHORITY shall retain the right to negotiate the amount of fees that are paid to the successful proposer, meaning the fees proposed by the top-rated proposer may, at THE AUTHORITY's options, be the basis for the beginning of negotiations. Such negotiations shall begin after THE AUTHORITY has chosen a top-rated proposer. If THE AUTHORITY and such proposer can not arrive at a mutually agreed upon price or terms for the work to be performed, THE AUTHORITY shall retain the right to end such negotiations and begin negotiations with the next-rated proposer or cancel the solicitation in its entirety. THE AUTHORITY shall also retain the right to negotiate with and make an award to more than one proposer, as long as such negotiation(s) and/or award(s) are addressed in the above manner (i.e. top-rated first, then next-rated following until a successful negotiation is reached).

4.0 Right to Protest:

4.1 Rights: Any prospective or actual proposer, offeror, or contractor who is allegedly aggrieved in connection with the solicitation of a proposal or award of a contract, shall have the right to protest. An alleged aggrieved protestor claiming this right is hereby informed that these regulations do not provide for administrative appeal as a matter of right for that alleged aggrieved protestor.

4.1.1 An alleged aggrieved "protestor" is a prospective or actual proposer who feels that he/she has been treated inequitably by the Authority and wishes the Authority to correct the alleged inequitable condition or situation. To be eligible to file a protest with the Authority pertaining to an RFP or contract, the alleged aggrieved protestor must have been involved in the RFP process in some manner as a prospective proposer (i.e. registered and received the RFP documents) when the alleged situation occurred. The Authority has no obligation to consider a protest filed by any party that does not meet these criteria.

4.2 Administrative Powers: It is totally within the administrative powers of the CEO to grant or deny any requests for administrative appeal. If, in the opinion of the CEO, the

alleged aggrieved protestor merits an administrative review, the CEO shall direct that alleged aggrieved protestor to submit additional data.

4.3 Procedure to Protest: An alleged aggrieved protestor shall comply with the following protest procedures, and failure to comply in the manner prescribed shall automatically relieve the Authority from accepting or considering that protest:

4.3.1 The alleged aggrieved protestor must file, in writing, to the PO the exact reason for the protest, attaching any supportive data. The protestor must state within the written protest document specifically (not by inference) what action by the Authority or condition is being protested as inequitable, making, where appropriate specific reference to the RFP documents issued. The protest document must also state the corrective action requested. Failure by the alleged aggrieved protestor to fully submit such information shall relieve the Authority from any responsibility to consider the protest and take any corrective action.

4.3.2 The written instrument containing the reason for the protest must be received by the PO within 10 days after the occurrence of any of the following:

4.3.2.1 the deadline for receiving proposals;

4.3.2.2 receipt of notification of the results of the evaluation or the award; or

4.3.2.3 the alleged aggrieved protestor knows or should have known the facts.

4.3.3 In any case, protests shall be filed no more than 10 days after any of the above (unless the occurrence being protested occurred in its entirety after the proposal deadline). Protests received after these dates shall not be considered.

4.3.4 The PO shall review the written protest and supportive data, if any. He/she shall, within 10 days after receipt of the written protest, issue a written opinion and decision. This document shall state the reasons for the action taken as well as inform the alleged aggrieved protestor of the right of further administrative review. A copy of this written opinion and decision shall be forwarded to the CEO.

4.3.5 The determination of the Authority with regard to such protest or to proceed to award notwithstanding such protest shall be final unless appealed by the protestor. [HUD 5369 B §8]

4.3.6 Administrative Appeal: If the alleged aggrieved protestor does not agree with the written opinion and decision issued by the PO, the alleged aggrieved protestor may, after receipt of the written opinion and decision issued by the PO request an administrative appeal hearing be granted (such request must be delivered in writing to the PO within 5 days of receipt of the written opinion

and decision; failure to do so within such 5 days shall relieve the Authority of any responsibility to consider such request). The following procedures must be complied with in the manner prescribed; failure by the alleged aggrieved protestor to comply shall automatically relieve the Authority from accepting or acting on that request for administrative hearing:

4.3.6.1 The alleged aggrieved protestor must file, in writing, his/her request for an administrative hearing, to the CEO, within 5 days of receipt of the written opinion and decision and failure to do so within such 5 days shall relieve the Authority of any responsibility to consider such request.

4.3.6.2 The request for an administrative appeal hearing must contain the specific reasons for the appeal and all supporting data for those reasons.

4.3.6.3 It shall be within the administrative powers of the CEO to, after review of the request submitted, grant or deny any request for administrative appeal.

4.3.6.4 If the CEO, after complete review of the alleged aggrieved protestor's written request and supporting data, decides that the request does not merit further consideration, he/she shall render his/her decision in writing to the alleged aggrieved protestor. A decision rendered under this paragraph shall be made within 10 days after the receipt of the alleged aggrieved protestor's request for an administrative hearing. This decision shall be final without further administrative recourse.

4.3.6.5 If the CEO, after review of the alleged aggrieved protestor's written request, decides that the request merits further consideration, he/she shall forward the protestor's written request, along with a cover letter explaining why it merits further consideration and with a recap of all proposals submitted and a copy of the original written protest, to the Authority's Legal Counsel for consideration. The Authority's Legal Counsel shall issue to the alleged aggrieved protestor a decision, in writing, within 10 days of his/her receipt of such documents.

4.3.5.5 Such written decision delivered to the alleged aggrieved protestor shall exhaust the Authority internal protest and administrative appeal process available to the alleged aggrieved protestor.

5.0 Additional Considerations:

5.1 Estimated Quantities: Unless otherwise stated within the RFP documents, the quantities reflected within the RFP documents, to the best of the Authority's knowledge,

reflect projected consumption data. These quantities are not meant to infer or imply actual consumption figures or quantities that will be purchased by the Authority under the finalized contract; but, pursuant to all RFP documents, these quantities will be used as calculation figures to determine the successful proposer.

5.2 Lobbying Certification: By proposing to do business with the Authority or by doing business with the Authority, each proposer certifies the following:

5.2.1 No Federal appropriated funds have been paid or will be paid, by or on behalf of the proposer, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of an Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any Federal contract, grant, loan or cooperative agreement.

5.2.2 If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of an Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form –LLL, “Disclosure Form to Report Lobbying”, in accordance with its instructions.

5.2.3 The successful proposer shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontractors, subgrants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

5.2.4 This clause is a material representation of fact upon which reliance was placed when the award was made or entered into. The signing of a contract or acceptance of award certifies compliance with this certification, which is a prerequisite for making or entering into a contract, which is imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certifications shall be subject to civil penalty of not less than \$10,000.00 and not more than \$100,000.00 for each such failure.

5.3 Contract Conditions:

5.3.1 Contract Award Procedure: If a contract is awarded pursuant to this RFP, the following detailed procedures will be followed:

5.3.1.1 By completing, executing and submitting the Contract Award and Acceptance, the “proposer is thereby agreeing to abide by all terms and conditions pertaining to this RFP as issued by THE AUTHORITY, either in hard copy or on the noted System.”

5.3.2 Contract Conditions: The following provisions are considered mandatory conditions of any contract award made by THE AUTHORITY pursuant to this RFP:

5.3.2.1 Contract Form: THE AUTHORITY will not execute a contract on the successful proposer's form of contract and contracts will only be executed on THE AUTHORITY's form of contract and by submitting a proposal the successful proposer agrees to do so. See Attachment H for Professional Services Agreement General Terms and Conditions and Attachment A for Proposer's Statement.

5.3.2.2 Please note that THE AUTHORITY has no legal right or ability to (and will not) at any time negotiate any clauses contained within ANY of the HUD forms included as a part of this RFP.

5.4 Headings: The headings, titles, and captions in this Attachment are inserted for convenience only and are in no way intended to describe, interpret, define, prioritize or limit the scope, extent, or intent of this Attachment or any provision herein.
