RE: Marquette Manor – Changes for Solar Array Solicitation
Solicitation #: 2024-3031-1

We appreciate your time and review of the Marquette Manor Solar Array Solicitation. This letter is to update all vendors bidding of two major changes:

1. Change in base parking lot drawings set:

We were notified through a question received that the drawings within the proposal were not a match to those out for bid on the parking lot. The Addendum Parking Lot Permit Construction Drawings should be the drawings used for reference when bidding out the solar array. We do apologize for the error.

2. Change in submission deadline:

Because of the importance of the information within the change in the parking lot drawings, we have chosen to extend the deadline period for bid opening to Friday, September 27, 2024 at 11 am. If you could add the updated first page of the proposal with your submission, this will confirm that the updated timeframe was received.

We appreciate each vendor's time and look forward to your review of this information.

Thank you,

Procurement Team
