

ADDENDUM #2

Request for Proposals
Physical Needs Assessment
Solicitation No. 2024-4004

Originally Issued September 6, 2024

Addendum 2 – Issued October 9, 2024

To Offerors:

The following additions, deductions, changes and corrections to the proposal and specifications for the above referenced project shall hereby be incorporated into the work, and their affect on the proposal shall be reflected in the Offeror's proposal. Offerors shall also verify this fact by indicating the receipt of the addendum in their proposal.

CHANGES:

The Proposal Submittal Due Date is extended to October 15, 2024 at 11:00AM.

The attached Property List is added to Attachment A Scope of Work.

QUESTIONS:

1. In Scope of Work Section 2.1.1.15 it states “All data will be entered into the HUD CNA eTool. All required data will be collected and entered into the HUD CNA eTool by the contractor.” Use of the eTool typically infers RAD or Section 18. Should contractors utilize the RAD PCA scope of work to complete the assessments? **HUD requires the e-Tool for all CNAs, including the 5 year assessments. The scope of work will reflect the requirements of the e-Tool for all projects. Scope requirements outside of the e-Tool will be addressed on a project by project basis when the task order is issued for that specific project.**

2. Scope of Work Section 2.1.1.6 says “The assessor will record the data on the HUD Green PNA approved data collection forms for site, building exterior, building systems, unit, and common areas.”. Scope of Work Section 2.1.2.1 – section C. says “Separate HUD Form 52828”. The HUD Green PNA/Form 52828 is no longer a requirement. Do you require the HUD Green PNA/Form 52828 or do you require the HUD CNA e-Tool to be completed with the reports? **The HUD CNA e-Tool is to be completed. CMHA is to also receive a written report.**

1627 WESTERN AVENUE, CINCINNATI, OHIO 45214

Equal Opportunity Employer, Equal Housing Opportunities

3. How are you looking for the proposed fees? The CNA/Energy Audits vary in pricing based on many factors (including unit count, building count, date of construction, scattered sites, etc...) **The proposed fee sheet is set up to allow for the pricing to be adjusted according to the factors mentioned.**

4. Is the intent of the proposal to provide one report for each site that would be usable for all purposes (i.e. CFP, OHFA, RAD, etc.)? If not, how many reports do you need and for what end use would each report be needed? **It is the intent to provide one report for each site. If other reports are required, this will be addressed on a project by project basis when the task order is issued for that specific project.**

END OF ADDENDUM TO DATE 10/9/24
