

CONTRACTORS CORNER

CMHA'S OFFICIAL
VENDOR NEWSLETTER

Welcome!

CMHA has created this newsletter as a source of information and communication between management and contractors who provide different services. It is imperative that our efforts are aligned so we can achieve the greatest amount of success together, as partners. CMHA looks forward to an improved communication gateway.

GREAT TURNOUT AT FEBRUARY MEETING!

The monthly February contractor's meeting was fully packed with high level representatives from our vendor organizations! We covered topics including invoicing, work order processes, and made sure to listen to the concerns that our contractors may have been facing. Our Procurement Department, Management Team, and Finance Representatives were all present!
