## What is the Family Self-Sufficiency Program

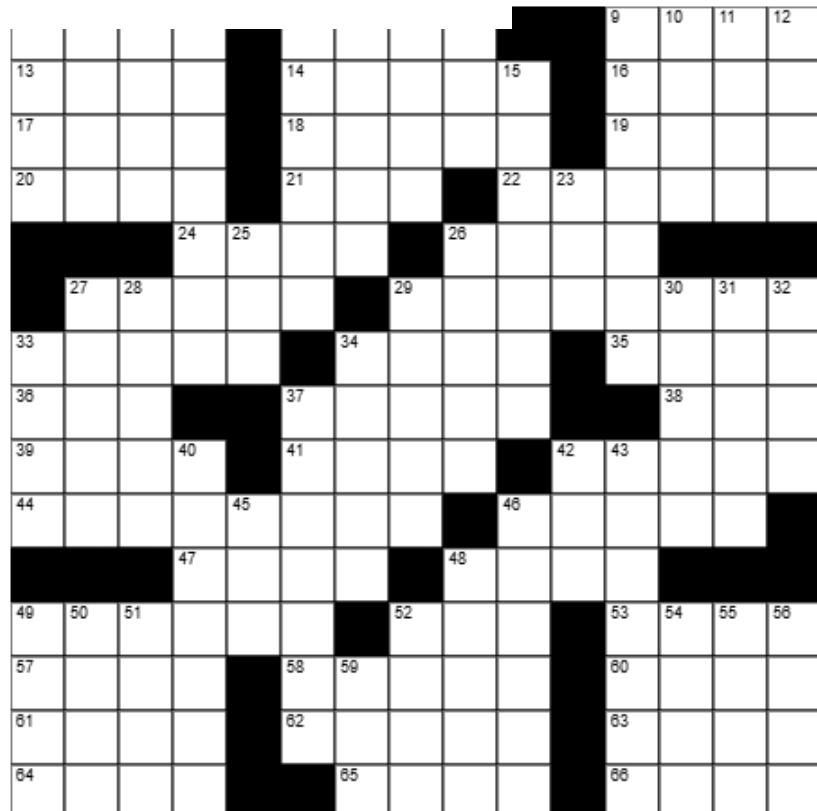

1. The FSS Program is a voluntary five-year program offered to Housing Choice Voucher and Asset Management families to help them in becoming more self-sufficient.
2. When a family enters the program, they meet with a FSS Program Coordinator to discuss their needs and to set goals.
3. Together, the FSS Coordinator and family set goals that can be achieved over a five-year period. The family can set any goal they wish but the main goal for every family must be to obtain and maintain full-time employment and to be free of welfare assistance.
4. Once goals are finalized, the family signs an FSS Contract and completes an Individual Training and Services Plan.
